

The Book of Acts

Acts 4 Sharing the Message

Into the Lesson:

We live in an area with "world class" scenery, where are some other places you would like to go (or have been) where you have experienced the majesty and glory of God's creation?

Do we sometimes take for granted the majesty of a flock of geese flying overhead or the beauty of a sunset?

How can these special times help us to grow deeper in our faith?

Into the Word:

Reread Acts 4:23-24 then discuss the importance and authority given to the message proclaimed by the apostles.

What credence does invoking the name of the One "...who made heaven and the earth and the sea" lend to the message they proclaimed?

Combined with v.13, what have the chief priests and elders begun to realize about this message and these messengers?

How inclusive was Peter's message in verses 29-30 and how easy would it have been for the apostles to ask God to visit vengeance upon those around them?

How inclusive was Peter's message in verses 29-30 and how easy would it have been for the apostles to ask God to visit vengeance upon those around them?

Into Life;

The Tone Factor:

Check out I Peter 3:15-16 and discuss the importance of the message of hope that we have in Jesus to a world that seems mired down in hopelessness.

Lane asked the question, "What is our tone when we share the truth with those around us who need it?" How can we make sure the "tone" of our message is not turning people away?

The Tolerance Factor

Respond to this quote from the sermon: "true tolerance is treating with integrity and humility those whose viewpoint differs with our own."

In a culture and in a day and age that seems bent on self-destruction under the guise of self-fulfillment how important is it to speak with grace and respectfulness?

The Relevance Factor

Focusing on Hebrews 4:12, how can we begin to use The Word of God to in the manner that is spoken of in this verse while expressing the tone and tolerance and relevance that will enable others realize the overwhelming Love of Jesus?
